Personal Statement: On a separate page please address the following topics. Please use the same numbering system as below and place NA (not applicable) for any topic that does not pertain or you do not wish to address. If you have already filed your application to professional school, attach a copy of your personal statement.

- I. Course work
 - A. Please explain any inconsistencies or unusual features of your academic record.
 - B. Explain any break in college attendance, if you have not been continuously enrolled since graduating from high school.
 - C. Future courses planned (indicate whether they will be taken at the College of Charleston or elsewhere).
 - D. List any research experience or special studies (e.g. study abroad, bachelor's essay, etc.) you have undertaken.
- II. Career Decision:
 - A. What experience and/or person(s) influenced you to choose this career pathway? Include a discussion of any life experience that has shaped your values or goals.
 - B. What work/volunteer experience have you had? How has this experience confirmed or strengthened your career choice? What life experiences have you had that would be a valid indicator of your potential for success in your chosen profession?
 - C. What are your future plans (short term and long term)?
- III. List any personal challenges you have faced and how they have strengthened your character.
- IV. Additional comments you want to provide to the Health Professions Committee to help them evaluate your aptitude for the health professions:
 - A. What cross-cultural experience you have had?
 - B. List honors received since high school.
 - C. List your employment history since high school. Indicate any skills/experience you have gained that would be useful for your future profession.
 - D. List College extra-curricular activities. Indicate if you have held any leadership roles and what you have gained from this experience.
